

ART

Art is for most children, a natural form of expression and a source of great pleasure. We encourage pupils to develop their creative and imaginative talents through learning skills and techniques and using a variety of materials and tools.

When possible we call on the expertise of practising artists to enhance and support the children's learning. Sketchbooks, for children to record and experiment in, are used through the school. They are also used to track progression and skills development.

Pupils also learn to appreciate works of art and use artistic language to describe paintings, sculptures and other art forms. We regularly enrich our Art curriculum with visits to London's art galleries and make direct links to a wide variety of art forms through our half termly topics.
