

Gunpowder, Treason and Plot

This week, 2 Willow travelled back to the year of 1606 to learn about The Gunpowder Plot and why bonfire night is celebrated. The children really enjoyed acting out the plot and imagining the conversations that were had during that time. We discussed lots of important themes including fairness, freedom and punishment. They then wrote a piece of advice to give King James. Should Guy Fawkes be punished? Could King James treat his people better? The children were very passionate and put forward their advice in a class debate, practising their fantastic oracy skills.

Maths Mentoring Programme

Pupils across the school are busy taking part in catch-up lessons at the moment. Year 4 pupils are working hard with online maths tutors from University College School in Hampstead. These sessions are in addition to their regular maths lessons in class, so they really are putting lots of extra effort into their maths learning. The children have enjoyed working with the older students from UCS and they are benefitting from the extra maths learning taking place. We are very grateful to UCS for working with us to provide this extra programme of tutoring for our pupils. This is just one of the many catch-up programmes running in school at the moment.

6 Iroko Class Assembly

6 Iroko recently performed their class assembly: a re-enactment of their class reader, The Abominables. They put on a fantastic show, which featured a famous plant hunter, a kidnapped child, boastful tourists, a pet yak and a whole family of yetis. The children worked extremely hard on rehearsing their lines and practising their songs. Everyone agreed they performed beautifully on the day.

Thank you to parents and carers for all your support!
