Friday 30th September 2022

The **Camden Mobile Health Bus** is a walk-in service offering free diabetes risk checks, health information and advice to support residents to make positive health and wellbeing choices, and to prevent them from developing serious health conditions in the future.

## Camden Mobile Health Check

Camden and NHS UCLH are providing free diabetes risk checks at several local places.

### What can I expect during my check?

We will take your body measurements including your weight, height, waist and check your blood pressure. These measurements will help us assess your risk for developing diabetes. We will discuss actions you can take to improve your health and wellbeing, depending on your risk level. A sample of your blood will only be taken for testing if you are assessed as being at high risk for diabetes.

### What happens if I am high risk?

If the measurements taken during your appointment identify you as a person at high risk for diabetes the healthcare professional will take a sample of your blood for testing to determine if you have diabetes or not. The medical team will then contact you with the test results within 4 weeks after the check.

### Why is the diabetes risk check only for people aged 30 - 70?

The diabetes risk check is focused on people aged 30 to 70 because certain body and lifestyle factors can start to emerge as potential risk factors for each of us as we get older. By inviting people in this age group to have a diabetes risk check as soon as they can we hope to identify people who might be at risk early so they can take steps to reduce their risk to maintain and improve their health.

### Does the bus offer anything other than a diabetes risk check?

Camden Mobile Health is focused on diabetes prevention. This means we do not hold or have access to personal medical records on board and cannot help with routine medical or emergency medical concerns. For routine medical questions please contact your GP. In an emergency always dial 999. Other health services may join us from time to time. Find more information about these services and the full bus schedule at [camden.gov.uk/camden-mobile-health](https://camden.gov.uk/camden-mobile-health)

## Camden's Community Vaccination Service

- Carers aged 18+

### COVID-19 COMMUNITY VACCINATION SERVICE

If you need to have your first, second or other booster vaccinations i.e. Pfizer you can find details of clinics still offering these at: [camden.gov.uk/getting-the-vaccine](https://camden.gov.uk/getting-the-vaccine)

#### WALK-IN SERVICE, NO APPOINTMENT REQUIRED

Turn up at the bus during operating hours and you will be vaccinated, subject to availability. If queues are long please be patient and keep trying.

If you need support, call Camden Council on 020 7974 4444 (option 9)

#### THE COVID-19 VACCINE IS SAFE AND EFFECTIVE

It offers you the best available protection against the virus and serious illness. If you have questions or would like to know more about the vaccine please drop by the bus and speak to our local health professionals or visit [camden.gov.uk/covid-vaccines](https://camden.gov.uk/covid-vaccines)

This service is provided by University College London Hospitals NHS Foundation Trust
